RECYCLED SUNGALSSES

100% RECYCLED FRAME

GREENGLASSES

The frame of the Greenglasses is made out of 100% recycled material. The frame is made out of strong polycarbonate that has been collected post-consumer. Your eyes will be protected by the UV400 lenses. We have selected five models that can be personalised with your design and colour. There are many extra options. The frame can come in solid, frosted or transparent. The finish can be shiny or matt. Without surcharge you can choose the colour of the lenses. We can also deliver a customized Bottlewipe or recycled Bottlepouch for affordable prices.

MOQ: 1000 Pcs.
Packaging: 300 in a carton box, 77x26x33 cm, 10 kg
Weight: 28 grams

There are many extra options we can offer:
